

I'm So Thankful!

Name Rosa Burmistrovich

Date 11/7/24

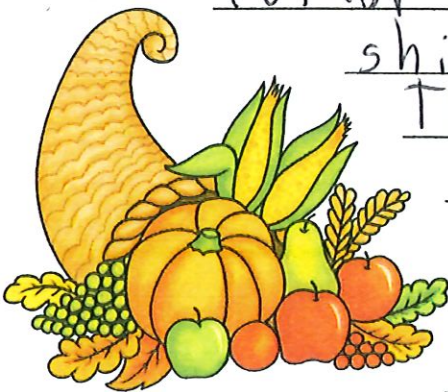

Thank you For Everything

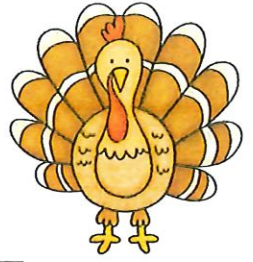

By Rosalia Burmistrovich

In 1863 President Lincoln declared Thanksgiving as an actual holiday. Thanksgiving is on the fourth Thursday of November. On Thanksgiving my family sometimes invites my grandma. We always eat a very big turkey. I am grateful for my family, gymnastics, and school.

I am grateful for my family. My mom is really kind. She makes food for everyone. She also takes good care of me and my brothers when we are sick. My dad is always there for me. He always is there when I feel upset. My brothers are most of the time annoying but sometimes they are fun to play with. I am also really thankful for my cat. She is lazy but she is really soft and cuddly. That's why I am thankful for my family.

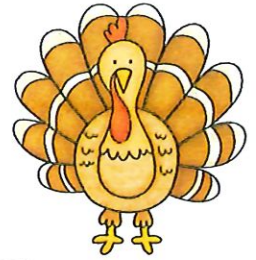

I am so thankful for gymnastics. I like

gymnastics because it makes me energized. I also like it because it pushes me to do better. Another reason is that it makes me stronger. It is also really fun to be flexible. I really enjoy doing stuff that other people think is impossible. One of these things is back bends. This is why I like gymnastics.

I am so grateful for Mazel Day School. I like Mazel Day School because the principals and the teachers are really nice. My favorite subject is science. I like it because I like seeing all the different experiments. I also like school because I see my friends every day. I also like school because we do a lot of fun things. For example, we made news letters in fourth

grade. This is why I like
school.

A long time ago President
Lincoln made Thanksgiving an
official holiday. Thanksgiving is on
the last of November. On this holiday
my whole family usually get together.
We always eat a really big meal
and turkey. Family, gymnastics and my
school are some of the things I am
really thankful for.
