

**Thankful For My House**  
**By Brayden Bleck**  
**Cortland Jr. High School, Cortland NY**

**I am thankful for the house that I live in. I am thankful for my house because it protects me from the cold by heating me while it's cold outside. Another reason that I'm thankful for my house is that it has a bathroom so you don't have to go to the bathroom outside in an outhouse. The last reason I'm thankful for my house is because my house has bedrooms so you don't have to worry about being cold and on a hard floor when you sleep. That is why I'm thankful for the house that I live in.**
