

What I Am Grateful For
By Malachi Ellis

I am grateful for a lot of things and people. I am grateful for my games and food. I am grateful for my older sister Hailey. She is a kind person, and she is helpful. I am grateful for my mom, named Brandy. She is always there for me. I am grateful for my mom and my older sister because they always support me. Another reason I am grateful for them is that they love me and I love them. They are nice, and I am nice. They are brave and smart. I enjoy my family.
