

What I Am Thankful For  
By Luke Murphy

There are three special things I am grateful for. I'm thankful for my mom. The reason why I'm thankful for my mom is because she always helps me out with anything. I'm thankful for my dad. The reason why I'm thankful for my dad is because he loves playing football with me and watches the sport with me too. I'm thankful for football. The reason why I'm thankful for football is because it's fun to play and it hypes me up. These are the three special things that I am thankful for.
