

What I Am Thankful for
By Mazon Beaudoin

I am thankful for my mother. One reason I am thankful for her is that she makes me complete my work and turn it in on time. Another reason I am thankful for my mother is because she loves me and some people don't have parents to have the feeling of knowing they have a person who loves them. One more reason I am thankful for my mom is she is very kind. Those are the reasons I am thankful for my mom.
