

I Am Thankful For...

By: Bob Dintino

Cortland Jr. High School, Cortland NY

I am thankful for my family and friends. I am thankful for my family because they help me when I am in need. I am thankful for my friends because my world would be sad and boring without them, but when they are here, they make me happy. They are also very funny. My friends are always there to help and make me feel happy when I'm sad. My family is amazing because we always work together, and we always make the best food. In conclusion, my family and friends are the best people I know.
