

What I'm Thankful For
By Filicia Robinson

I'm thankful for being able to move around. I am thankful for moving around because some people can't move at all. I am thankful for my family and my friends. I'm thankful for my family and my friends because without them I would be lonely and not be a happy person. I am thankful for my education. I'm thankful for education because in some countries a lot of people are uneducated, and I'm thankful for going to school and being smart and not being uneducated. I am thankful for everything like moving around, having my friends and my family, and also for education. I am very very thankful for these things.
