

What I Am Thankful For
By Finnegan Quinlan
Cortland Jr. High School, Cortland NY

I am thankful for my grandma. One reason I am thankful for her is because she is very clever and intelligent. She also likes to make things like clothes, quilts and food. Another reason is that she is very kind and understanding and likes to help others. A further reason is she is so much fun to be around, and any room she is in brightens up. Those are some reasons I am thankful for my grandma. She is a wonderful person, and I am glad she is in my life.
