

Piper
By Leah Ruddy
Cortland Jr. High School, Cortland NY

I am grateful for my cat Piper. My cat Piper is a small, underweight cat. My cat likes to hop up in bed with me every night and lie on my face, which wakes me up. She likes to steal my stuffed animals while I'm at school. Then when I get home, she is lying on them cutely. In the middle of the night, she will knock things over and push stuff off the tables, but when I come to check, she makes a cute face so I don't punish her. Piper will hide in my sweatshirt when my parents try to get her. My cat follows me into the bathroom and then begs to get out for no reason. Piper will randomly start fighting with my other cat Gizzman and snuggles with her mom every day. Piper doesn't like going anywhere unless her mom, Emma is with her.
