

What I am Thankful For
By Zane Blanchard
Cortland Jr. High School, Cortland NY

I am thankful for my family. They are nice to me and give me things to have fun. I am thankful for science. It helps people live and do all the things we can do now. I am thankful for my friends. They let me have fun at school and out of school when I'm bored. These are all of the things I'm thankful for this Thanksgiving.
