

Dear Simcha Felder, I am thankful for Hashem. I am also thankful for being in Ivdu high school because of what I accomplished during the year, and what I became all these years. I love sending these letters because it's fun and happy.

I love being in Ivdu and spending time with my family. I also love my friends and grandparents. I trust in Hashem that he put me in a good school.

That's why I am thankful to hashem.
