

My Xbox

By Jacob Creech

My favorite item which I am most thankful for in my house is my Xbox. I love my Xbox to shreds. I got it when I was just 5 years old. The Xbox was the first console I ever had. The Xbox is the furthest memory of joy I have ever had. The Xbox really was fun for me because I got to play with my friends online. That is why my Xbox is my favorite item in my house and why I am thankful to have it.
