

**I'm Am Grateful For My Mom**

I am thankful for my mom. My family is always so understanding, but when it comes to my mom, she, especially, is always there for me. When I go through hard times, my mom is there to talk even if it's late at night.

I always love talking to my mom since she will just listen and help the best she can even if she doesn't know how to help. My mom can also tell if something is wrong because she will ask if I'm okay.

My mom makes the best food in the world. The first time I had her homemade mac n' cheese it tasted like heaven. My mom always makes food that I like and enjoy, especially on my birthday. When my mom makes food, she always lets me help in the kitchen if I want to and will help me make the recipe.

My mom always comes to my games and concerts for school. One time my dad couldn't make it because of his job, but my mom came! She will always take photos and videos to show me but to have the memory of. These reasons show how much I love and am grateful for my mom.
