

Things I Am Grateful For
By Eliza Pritchard
Cortland Jr. High School, Cortland NY

I am grateful for my family, friends and my talents. If I did not have them, I would not be able to live a sustained life.

I am grateful for my family. My family is something I couldn't live without. They have been here for me in ways I could never do myself. I can't even think of how many lifetimes I'd have to return the favor with.

I am grateful for my friends. My friends have helped me through pretty much everything that has been hard in my life. They are my family but not by blood. It's a blessing that I have friends like them.

I am grateful for my talents. My talents have made me who I am today. My talents are something special that help my confidence and personality. The talents I have are something that I couldn't even explain fully how grateful I am for them.

I am grateful for these three things. Each one I could not live without. They have made my life truly great.
