

Thank you

***You take it for granted
not knowing the work they do
my beautiful mom this is for you***

***I want you to know whatever life sends
you will always be my favorite best friend
take care of me now that I'm young
when you get older I will take over***

***Your positive energy never fails to brighten the room
Your smile so bright, it kills all the gloom
You are my sunshine, like most people say
You are the light that leads the way
You are the person in my life
The person that makes me feel bright***

***You teach me so much every single day
you teach me to love everyone in every way
I follow your examples and I always will
Even when sometimes it gives me the chills***

***I want you to know that no matter where life takes us
I will hold your hand tight so nothing can break us***

***No matter how young
No matter how old
Our relationship will always stay bold.
From your little girl
