

*The qualities I'm thankful for*

*A quality that I'm grateful for is how honest I am. I am grateful that I'm honest because it lets the people around me understand me without me having to lie about how I am or what I think. Another quality that I'm thankful for is how loyal I am. Being loyal is a quality I am thankful for because it helps me build stronger bonds with friends and family. Being loyal helps build stronger bonds since your friends know you'll always be there for them when they need you. A trait I'm also grateful for is my patience. I am always patient when I'm helping people. For example, when I am helping a little kid with their work, I always stay patient no matter the amount of time it takes to help them understand the problem. The last quality that I'm thankful for is my optimism for problems. For example, whenever there is a problem or something bad happening, I always try to look at the bright side of the situation and think positively. Those are the qualities that I'm thankful for.*
