Thanksgiving Poem

Some things that I am grateful for are
my parents, friends, and my cat
they have impacted my life
parents have been taking care of me
my entire life
my friends make me feel
happy in life
my cat makes me feel comfy and
safe in life.

Another thing that I am grateful for is school
School teaches me about
many different subjects
many people can't afford
private school that I am grateful for

The last thing that I am grateful for
is my computer
my computer has many games
Roblox and Fortnite
that give me happiness.
