Thanksgiving

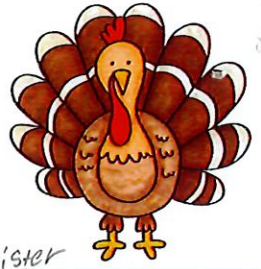

By Jacob Babayev

The First Thanksgiving was 3 days long and celebrated in 1621. Thanksgiving is a very fun holiday for me because I love being thankful all the time and I also love to see Thanksgiving Parades. My favorite food on Thanksgiving is pumpkin pie and I eat it with turkey. I am thankful for pets, toys and family.

I am thankful for my pets. I am thankful for my hamster because my hamster makes me happy in the mornings. I'm grateful he didn't escape during the night. I also play hide and seek with my hamster when I am bored. I'm grateful for my 3 fishes because I play catch my finger and whoever touches my finger first wins. I am thankful for toys. I like toys because they are very fun to play with. I play with different kinds of video games like Mario brothers and Donkey Kong. When I get bored I play with toys.

I am thankful for my family. I am grateful for my family because my family is very kind. They're not mean and they never fight. I am thankful for my dad because he always helps me clean my room. I am grateful for

My mom because she takes care of me when I'm sick.

I'm also thankful for my brother because he

protects me when I get bullied. I am thankful for my sister

because she helps me with my chores.

Thanksgiving is a time to be thankful.

Thanksgiving is a time to be thankful. This Thanksgiving I am grateful for pets, toys and family.
