# A TURKEY THANKSGIVING Story

By Livia Sandler

In 1621 there was a celebration with 50 Pilgrims and 90 Native Americans for 3 days. Abraham Lincoln made it a national holiday in 1863. I celebrate Thanksgiving by eating turkey. Also for dessert we get fruits and make them in the shape of a turkey. I am grateful for my family, food, water, shelter and Mazel Day School.

I am thankful for my family. My mom is amazing because she cooks delicious meals. My mom is helpful because she helps me with my handwriting and my writing. My mom also protects me. My dad is comical. For example, he makes funny faces and he makes me laugh. Also he helps me with my homework. My brother is helpful and amusing because he helps me with a lot of stuff. My brother makes me want to laugh. He has a lot of interesting ideas how to play games. He is easy to get along with. My grandparents are very kind people. Grandma Lilya always makes us very delicious food for holidays. She makes the best Gefilte fish.

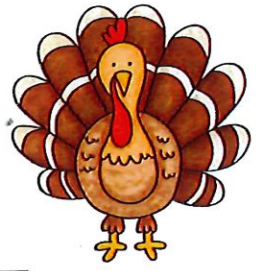

My Grandma Valya always plays with us. She always brings us sweets. My Grandpa Vova lives in a different country and I miss him. When I was a baby he always took care of me. My Grandpa Gregory passed away when I was very little. I was 4 months old when he died. I know him by watching videos about him + pictures of him. I have a Stepgrandpa Fima. He drives me everywhere. For example, he drove me to the doctor. I love him.

I am thankful for food, water and shelter.

I am Thankful for food because I won't be hungry. Also it gives me energy. Without energy I can't move. Also I won't get sick. I'm grateful for water because I won't be thirsty. Also my throat won't be dry. Also I am thankful for my house because I feel safe and happy when I am home.

I am thankful for Mazel Day School.

Morah Michelle is helpful because she helps me with stuff. For example, she helps me with long division. She teaches me. For example, she teaches me multiplication. Morah Rivka is wonderful

because she helps me with Hebrew and chumash.  
My friends are amazing because they  
play new games with me. They also care  
for me if I get hurt. Mr Bennett helps people  
to behave. Security keeps us safe and makes sure  
there are no bad people in the building.

Family, water, food, shelter and Mazel Day  
school are the things I am thankful for this  
Thanksgiving. I love eating turkey and dessert  
on Thanksgiving day.
