My Thanksgiving Essay

By: Solomon Katerman

The first Thanksgiving was celebrated in 1621. I eat turkey on Thanksgiving. I have dinner with my grandparents on Thanksgiving. I am thankful for my school, my family, air, food and water.

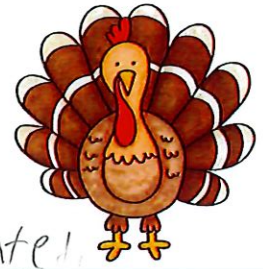

I am thankful for my school. Moriah Michelle is so wonderful because she teaches me new things. My friends are so amazing because they play with me. Coach Igor is so pleasant because he teaches me new sports.

I am thankful for my family. My mom is so wonderful because she makes me scrumptious meals. My dad is so amazing because he helps me with my homework. My brother is so awesome because he is funny and makes me laugh.

I am so thankful for air, food and water. Air is so amazing because it helps me breathe. Food is so wonderful because

it helps me stay not
hungry. water is so great
because it helps me stay hydrated.

I am so grateful for
my school, my family, air, food and
water. These things are blessings to
me.
