## My favorite thing about ME

Hi, my name is Callie and I have some qualities I like about myself. I am an athlete. I run track. I'm thankful that I'm fast. I was captain of the team for 3 years. December 5th is my track anniversary. I've run track for 4 years. I'm proud to say I was once a cheerleader, too. I haven't done it since school started. It was my main hobby for a while. I did it for 2 years. The first year I wasn't a flier. But the second year I was a flier. I am just grateful that I am athletic.

I like that I'm friendly. I have a lot of friends. Even if someone doesn't like me or is mean, I still try to be nice. Sometimes I make friends with people that were mean, but now we're friends. If someone doesn't want to be my friend, I just walk away and avoid them. Friendship is a two way street. But no matter what, I always try my best to be friendly and respectful.

I like that I'm smart. I learned multiplication in 2nd grade. I learned PEMDAS in the 3rd grade and I learned exponents in the 4th grade. Most of the teachers I have had told me that I was ahead. I got a very good grade on my tests. I am thankful to be smart.

I like my style, too. I have a good fashion sense. When I pick my outfit, it has to match. I can't just wear blue, black and red. I'll look like a clown. I have to wear colors that look good together like black

and white, or like pink and white. Even blue and yellow go well together. I like that I'm flexible. From all of the sports that I've done it's not that surprising. I like that I have a lot of qualities that I'm grateful for.
