Thanks Giving is Here!

There are many things to be thankful for on thanks giving. On thanks giving I am thankful for my family, my friends and money.

The first thing I am thankful for is my family because they care for me and help me when I need it. Sometimes when they have time, they play with me and sometimes we get mad at them and they still love us. They also protect us and love us unconditionally.

I am so thankful for my teachers because they care about me and help me understand what I am confused about. They teach me new content every day and they never give up on us. They get more strict every day but we know they're still kind.

The last thing I am thankful for is money because it can buy you something you really want. You can get a house, food,

and toys. But our parents need to work to get money so its hard. If our parents didnt work we wouldnt have any money so that is why I am thankful for money.

These are some things you can be thankful for. Family, teachers (education), money, are some things I am thankful for.

HAPPY THANKS GIVING!!
