

# I'm So Thankful!

Name Ben Lemberg

Date 11/23/23

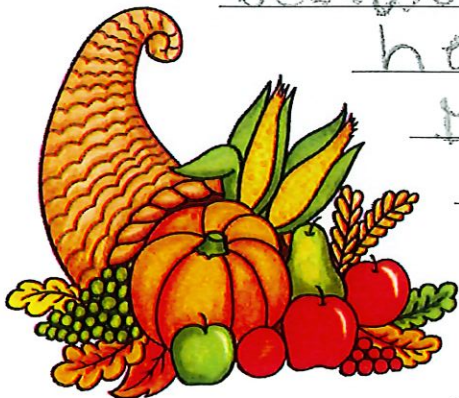

## Thanksgiving writing

There are many things I am thankful for like my family and school. Another thing is games.

I am thankful for family because my family is super fun. My family also helps me with every thing like if I need help with homework one person does help me and if I want to spend some time with them my sister and both of my parents play with me.

I am thankful for school because it teaches me and I have some fun. My favorite thing to do in school is playing sports. Another reason is I get to be with my friends.

The last thing I am thankful for is games. I am thankful for games because they are fun and it helps me stay calm when I am mad or frustrated.

In the end these are some of the things I am thankful for.
