\\ The best day ever //  
Thanksgiving

There are three beautiful things I am grateful for. The three things are vacation, sports and the last one is hashem.

The first thing I am grateful for is vacation. The first reason is because it's relaxing. Like for example you were working for months and months and you are tired. You can relax in a vacation. You could also play sports there like cornhole, or volleyball, ping pong some times.

The second thing I am grateful for is sports. One reason is because I can exercise in a fun way. Another reason is I could get money! I could get money from a national team. But I need to try to get in a national team.

Last of all, I am grateful for hashem. One reason is that he was the one

Who even created vacation and sports,  
He was the one who created even life.  
Hashem is the biggest thing I am grateful  
for.

Even though these are some things I  
am grateful for that's not everything I  
am grateful for. There are millions of other  
things you could be grateful for.
