

I'm So Thankful!!

Name Mikey

Date 11/23/23

This year I'm thankful for family, friends, and food.

The first thing I'm thankful for is family because they take care of me, they support me, and they have fun with me.

The second thing I'm thankful for is friends because they play with me, they stand up for me, and they teach me how to play sports.

Finally I'm thankful for food because it's very good, without it you can't live, I eat it every day.

That is why I'm thankful for family, friends, and food.
