Thanksgiving

There are many things I am grateful for on Thanksgiving. I am thankful for my family, money, and food and water.

The first thing that I am grateful for is my family. My family cares for me and my sister Niki. My family makes me and my sister food. Also, when we are sick, my family gives me medicine and after a while I feel better.

The second thing that I am grateful for is money. I'm grateful for money because you can buy food and water. You can buy a house to live in and a car to drive around. You can buy toys and games to keep. You are interested for a while. This is why I am thankful for money.

The third thing I am grateful for is food and water. I am grateful for food and water because if I did not have food and water I would be hungry and I would not be alive. The second reason why I am grateful for food is that fruits and vegetables make you healthy. The last reason is when summer comes and it is very hot you need to drink lots and lots of water.

These are some things you can be thankful for. Family, money, Food and water are all something that I am thankful for.
