

# I'm So Thankful!

Name Yoni

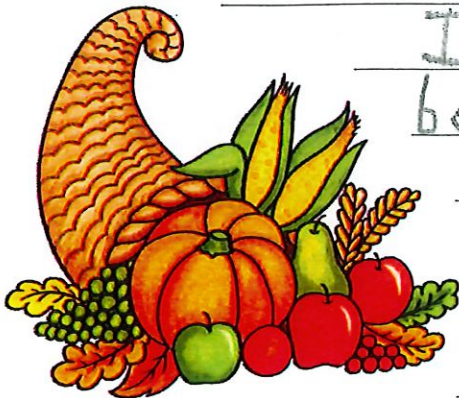

Date 10/23/23

Thanksgiving is a wonderful holiday. We thank for a lot of stuff we are thankful for. There are lots of things you can be thankful for such as the world, school, and your family.

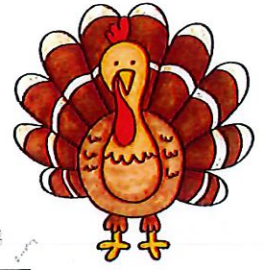

The first thing I'm thankful for is the world because if there was no world I would have no family or school and no friends. I am also thankful for the world because if there was no world there would be no stores. I would have to make a farm and harvest stuff myself, I would also only float in space.

The second thing I'm thankful for is my family, because if I had no family, how would I get places. I can't drive, I am also thankful for my family because we go on vacation together and if I went on vacation by myself it wouldn't be as fun, and if I get sick who would make me feel better.

I am also thankful for education because, if there was no education no one would know their own home and people would speak alien language. I am also thankful for education because if there

Was no education people wouldn't know  
math. I am also thankful for school  
because I get to talk to my friends  
during recess every day.

There are many things that I am thank-  
ful for but especially the world, my family, and  
education.
