

## **Qualities I am Thankful for**

Throughout my thirteen years of life  
God gave me some qualities that I like  
Whether it is being kind  
Putting a smile on someone's face has always been a delight  
Competitive is another trait  
Any challenges I face, I won't let down an easy fight  
Another one is positive  
During bad times, I try to make things alright  
Athletic is one I find quiet nice  
I'm good at most sport I play  
God made me special in every way  
Making me unique with all these qualities
