

My Qualities

God gave me qualities
They make me unique
One quality he gave me
Is my ability to cook

Another quality that I have received
Is my strong compassion for friends and family
Comforting when in need and not acting with greed

One other quality that God gave me
Is my confidence around anyone I see
I can speak or sing without feeling a thing
Being confident is key to making friends to keep

A quality that I am very good at
Is my creativity
I am able to create songs and draw out of the box
So this ability is something I adore very much

Since God gave me these qualities
I am able to be
The person he wants me to be
