Earth Day  
By Dylan Zednik

Earth Day, Earth Day,  
There is a way to keep our  
world clean, and not be  
mean.

Just use water less, take  
shorter showers, don't  
make a mess, you can even  
grow some flowers.

You can't help out, you  
can do the stuff without  
a doubt.

Earth Day, Earth Day,  
Make this continue be-  
cause you know we can't  
live without you. We will appreciate any  
thing you do.
