I Am Thankful For...

One person I am very thankful for is my Mom. She takes me to all of my activities. My Mom is also my Girl Scout leader. She is very nice, smart, and helpful. Another person I am thankful for is my Dad. He has a job, so he keeps the food on the table, and everything else. My Dad is funny, helpful, and artistic. I am thankful for my brother Griffin, too. He plays with me and makes me laugh. Griffin and I always have fun together. I am very thankful for all of my family members.

I am also thankful for all of my friends. They make me laugh, and are always there for me. My friends are all honest, and we would never lie to each other. Another thing I am thankful for is my dance teachers. They have known me since I was four. All of them are nice and helpful. That is what I am thankful for.
