

Its almost thanksgiving and its about what your thankful for and this thanksgiving im thankful for my parents, school, and the last thing im thankful for is sports.

Im thankful for my parents because they help me when I have troubles and keep me edgicated and somewhere to live. They provide me with food, water, clothes and shelter. They always make sure im happy where ever I go. This is why im thankful for them.

Im thankful for my school because they teach you from right to wrong and they always make sure your working to the best of your ability. Everyone here is very nice, and everyone tries to help you when you come to are school for the first time. Ive seen that everyone is nice and truthfull. This is a good school to learn at because everyone is nice, they make sure your working to the best of your-

- ability, and all the teachers try to make you pass.

The last thing im thankful for is sports. Im thankful for this because it keeps you active, and it entertains you and keeps you healthy. When you have nothing to do you can go outside and kick the ball around, and play football with your friend, or play soccer. Instead of being inside you can be outside playing sports. This is why im thankful for sports.

Thanksgiving is a great time to think about what you are thankful for. When I thought what I was thankful for, I realized just how lucky I am. Not everyone has such a wonderful family, or gets to play sports, and not everyone really enjoys the school they attend. This is what thanksgiving is about spending time thinking what your thankful for.

What are you thankful for?

I am thankful for my family, friends, and my school. They are all great and I am so thankful that I have them.

I am thankful for my family because they pay for me to go to school. They take care of me so I can eat and drink. They pay for a house so I can live there.

I am also thankful for my friends. They play games with me. They are nice to me all the time. We also do homework together.

Another thing I am thankful for is my school. I feel safe at school and everybody is nice. I learn new stuff everyday. I have a lot of fun everyday.

Thanksgiving is not just about the food. It is about what we are thankful for. I am thankful for my family, friends, and my school. I am so thankful that I have all these things.

What are thankful for?

There are lots of things I'm thankful for, but the three things I picked are special to me. The three I'm thankful for are awesome Friends, or supportive parents, and my really cool teacher.

My friends make me feel happy here's why. I feel grateful for friends because they look out for one another.

My friends are really nice because they aren't selfish and help each other. I am thankful for friends because they like some things I like and are always ready to play with me.

My Mom and Dad are my benefactors I love every thing that they do some reasons why, I have loving parents because they love me and I love them back. My parents think that I'm special because they say I'm super smart because I study alot, I am terrifically grateful for my parents because they support me in school and in sports.

Matthew Campbell

I'm really grateful for my funny teacher MR. Murphey here's why.

My humble teacher Mr. Murphey guides my class and I to do the right thing. I feel respected by MR. Murphey because he gives us a extra day to do work. Mr. Murphey listen's to me because he ansewer's my question and he makes me laugh alot.

Thanks giving is a great time to think about what you are thankful for. I realized that I'm really lucky for these things I have like awesome friends, or wonderful parents, and a really cool and funny teacher. Not everyone has these things I have. so for this thanksgiving I hope every person reflects on what they have.

Do you know how lucky we are?
Thanksgiving is a time for thanks.

I have many things I'm thankful for. So I thought of three things I'm especially thankful for and why. So here they are my family and friends, pets, and my house.

The first thing I thought about when I thought of things I'm thankful for was my family and friends. I thought of them because they love me and that makes me feel good. Another thing they do is they make sure I'm safe. One last thing is they stand up for me and make sure I'm happy and make me feel good when I'm feeling down.

This next thing I'm thankful for is my pets. I have a dog and a fish. I've had them since I was four and now I'm ten. They are very special to me because I have something to comfort me. Also they make me feel not alone. They also give me responsibility.

This last thing I'm thankful for is my house. It is special because it is the longest I've ever lived in a house three years. It also is important to me because

Addison mahoney

it makes me to be able to live a good
l. f. c. It keeps me safe, and it also has
alot of good memories in it.

Thanksgiving is a great time to
think of what you are thankful for.
I thought about what I was thankful
for and I thought about how lucky I
am. NOT everyone has such a nice family
and friends or pets, NOT everyone has a
nice base to live in.

Do you know how thankful and lucky you are for different things? I am so thankful for my family, pets, and my friends. You're so lucky for so many things in your life.

I am so thankful for my family because they always are there for me. Also my family always me if I need it. When ever I get to see them I'm always so happy and I love them so much.

Another thing I'm thankful for is my pets because I always love to play with them and fun with them. Another way I'm thankful for them is to cuddle with them especially when I'm sick.

I'm also thankful for my friends because I love to play with them, and having lots of fun. Also they're so nice to me and we always laugh together.

There are so many more things I'm thankful for but that's all for now. Also I'm so thankful for my family when some people don't even have families or pets to cuddle with or even friends to play with and have fun and laugh.

People should be thankful because they should be thankful for what God gave them. Thanksgiving is a good time for this because it is a season of giving. I can be thankful by caring for others. People should be grateful for the education they get from their parents.

I am thankful for my family because they care for me and guide me through life.

I am thankful for my mom because she cares for me when I am sick, she feeds me, and she helps me.

I am thankful for my friends because they do things with me and help me in life.

That's why I am thankful

Liam, Roarke

Do you know how lucky we are? We have good food heat and a house to live in. During these cold winter months. Millions of people don't have these needs.

I'm thankful for the time I spend with my family, because I don't see them all together. I really enjoy seeing my uncle because he always tells stories and jokes that make me laugh. I like to play games like football and tag with my cousins.

The second thing I'm thankful for is my aunt and uncle because they make thanks giving dinner for our families. I enjoy it when my uncle lets me drive around his four wheeler with a cart so me and cousins can go for a ride. My aunt give us little things like on her old stuff from when she was a kid.

The last thing I'm thankful for is my family. I enjoy when me and my sister play with my cousins. I love it when I get to see my great grandmother my grandmother my two aunts, my two uncles and my three cousins. I really enjoy it when I get to eat a big meal with my family.

Thanks giving is a great time to look at all the stuff we are grateful for. When I thought about about what I have and what I'm thankful for I realized how lucky I am. Lots of people can't spend time with their family and don't have a good Aunt.

In order to be thankful you must be loving and caring. But most of all you must think of what you have and not what you do. I am thankful for my Mom, my Dad and my brother.

I am thankful for my Mom because she is always helping me or my brother. Also because when I am stuck on home work she doesn't tell me the answer but she always works with me to find answers.

I am thankful my Dad because he is usually with me. Also because he always help me with homework.

I am always thank ful for my my brother because I am always with him. Also because he lets me talk about my feeling and helps me with everything.

That is why and what I'm thank ful for. That is also how you can be thankful.

Everyone should be thankful for what they have in life, whether they are wealthy or not. What am I thankful for? I'm really thankful for everything in life. In particular I'm thankful for my family because they are loving. Mr. Murphy is a really nice teacher, and a pretty funny guy. Finally I'm thankful for being able to have the holiday of Thanksgiving.

The first thing I'm thankful for is my family. My dog always cheers me up, and jumps all over me when I get home. She is always nice to me, and doesn't talk. My parents are always supporting me whether it's in school, sports, or at home. They always help me with problems, and also with work I have to do. If you have a sibling, they might tease you or something along those lines. You might think they're mean, but they really do care for you. I know because when I went to the emergency room because I almost cut my finger off, she really cared.

I'm also really thankful for my teacher, Mr. Murphy. It is not because he told me to write any of this, he's just a good teacher. He is very fair about work, and is very kind. He rarely yells at us, because he doesn't want to. He is always really funny, and makes jokes all the time.

Patrick Beisvert

He makes learning very fun in this way too. He really just cares about us and is a good teacher.

Finally, I'm thankful for being able to celebrate Thanksgiving. I get to feast on delicious food, and see all of my family. I always travel on Thanksgiving, and see all of my aunts and uncles. I can be thankful for all of these, and I should be. I wouldn't have a nice warm house full of food if I couldn't celebrate Thanksgiving.

Thanksgiving is a holiday to give thanks to the people you love, and the things you have. I don't really always realize, but I really do have a lot in life. I have a family, toys, and a warm house to live in. For those who don't have these things, I am sorry. I have a loving and caring family, and an awesome teacher. I get to celebrate the great holiday of Thanksgiving.

Thanksgiving is coming, so let's celebrate by thinking of things we're thankful for. Three things I'm thankful for are my family, Mr. Murphy, and my talent of piano.

One important thing my parents did for me is that they put me in St. Mary's School. The next wonderful deed is that they let me take piano classes at my own free will. The most splendid thing they always love me,

Mr. Murphy is another thing I'm thankful for. He makes me laugh all the time.

He helps us with things that we don't understand. Last thing he does, he finds things that I'm interested in.

The 3rd thing I'm thankful for is my piano talent because other people might not have this talent. It can help me unlock my true passion, and I can entertain people with my talent.

Thanksgiving is a celebration of happiness. One wishes with all his or her heart that human's wish comes true. Thanksgiving has such a spirit that lights your heart and you will always be happy. Happy Thanksgiving.

Anthony Andley

What I'm thankful on thanksgiving is about when I get together with my family, thinking about my country and with my little furry friends.

I'm thankful that we have a country that we can play and to talk by are own rights. The food and water that are country provides us with so we don't starve to death or die of thirst. Also the protection that we have from bad people, to make peace around the world and to keep us safe.

I am thankful that I have a dog to keep me active when I'm scared I have a dog to keep me safe and when am cold and have a dog to keep me warm and comfortable.

I am thankful that I have a family that they can make me something to eat and drink, have someone to keep me safe and protect and someone to give me hugs when I'm sad and keep me happy.

On thanksgiving what I'm thankful for being safe, loved and can play with a dog who never get tired of being my friend and to be so lucky to have a country that have peace and freedom.

Thanksgiving Contest

Do you understand how lucky we are to have the things we are supported with? I'm very glad to be supported with the things I have like family, friends, and faith to make me give my best everyday. Thanksgiving is when friends and family get to spend time together to eat and give thanks for all things we have.

One thing I am thankful for is family, I am thankful for is Family. I am thankful for Family because my Family loves me, they take care of me and my siblings, and finally, no matter what happens, they will always love me.

Another thing I am thankful for is Friends. I am thankful for friends because they treat me with respect. They also won't disclude me. Finally, I can trust them.

Finally, I'm thankful for Faith. I'm thankful for faith because I can praise God and Jesus, I can be a member of the religious family, and I can believe in God the Father.

Thanksgiving is a time to think about what you are thankful for. When I thought about how lucky I am, I pray for those who don't have anything but gravel. A lot

Skylar Luby

of people are homeless and don't have food or something to drink. On Thanksgiving, we think about people who are less fortunate.

What does thankful mean? It means to be happy for what you have. I am thankful for many things. My family, My brother and My teacher Mr. Murphy.

My family is great! I am so very thankful for them. They comfort me when I am sad. They protect me when I am scared, and they are very funny.

The second thing I am thankful for is my older brother Andrew. He helps me with my homework sometimes. He is very caring for me. He makes me really happy. I love thanksgiving because he will come from college to spend time for the holiday.

The third thing that I am thankful for is my teacher Mr. Murphy. He teaches me things that I will need in the future. He helps me with what I need help with and he is very fun and funny.

Thanksgiving is a good time to think about what you are thankful for. I'm a very lucky person. Not every one has an amazing family, or brother, or a great teacher like I do. I love getting together with my family. I am very lucky for the life I have.

Thanksgiving is a Holiday where we should be thankful for the things we have and think of others. Have you ever thought about how many things we should be thankful for? A couple of things I am thankful for are my parents, my friends, and my siblings.

The first thing I am thankful for is my parents. Have you ever thought about how much our parents do for us? A couple of reasons that I am thankful for my parents are that they take care of me, they give me shelter and food, also because they are always there to help. My parents are amazing, and love me. They would do anything to help me, and keep me safe, this is why parents are one of the many things I am thankful for.

The second thing I am thankful for are my friends. A couple of reasons I am thankful for my friends are that they help me and we take care of each other, they make me laugh, and we always have fun. They are so caring. We do anything for each other. These are some reasons why friends are one of the many things I am thankful for.

Madison Supparits

The third thing that I am thankful for is my siblings. A couple of reasons I am thankful for my siblings are that they keep me company, make me laugh and are crazy, and we always have fun together. We each help out each other. We would do anything for the other to be safe. We all love each other. These are some reasons why siblings are one of the many things I am thankful for.

Thanksgiving is a great time to think of what you are thankful for. When I thought about what I was thankful for and I realized that I am really lucky. I am lucky because I have such amazing and caring parents, I have such caring and outgoing friends, and I have great and loving siblings.

Daniel McCue

You should be thankful for many things. What are you thankful for? On Thanksgiving you should be thankful that you have a big meal with your family because some people are unable to have a big Thanksgiving with their family. The things I'm thankful for are my family, cousins, and grandma and grandpa.

I'm thankful for my family because they love me and care about me. My family also helps me be successful in school and my work. My family protects me if any harm comes my way.

I'm thankful for my cousins because they play with me fairly. They also help me with my homeworks with problems I need help with. My cousins also care for me and love me.

I'm thankful for my grandma and grandpa because they take care of me when I get home from school. They also wash all our clothes because of how busy we are sometimes. They both care for me and love me.

Thanksgiving is a great time to think what you're thankful for. I'm thankful for my family and not everyone has a great Thanksgiving.
