I am thankful for my friends and family and the most thing that I'm thankful for is God and everything he gave me. I'm thankful for my cat and my stuff and my everything. I'm thankful for games and other stuff. I am thankful for things that I get for Christmas and my birthday even if it's not a lot. I am very very thankful for every thing that I have including God. and God the most God is the very best person in my life. My parents are the best parents I've ever had. And My friends are one of the other things that I am very thankful for.
