

Thanksgiving

Thanksgiving is one of the most important celebrations of my life, because it is the day thank God for what you have and what he gave you. However, should be thankful everyday.

On Thanksgiving Day you have an opportunity to spend it with your family.

This is portant for you and for me.

I thank you God for my family, for food, for my house, for my teachers, my school, and my friends especially for all the love you give us.

Thank you and God bless you.
