What I am thankful for this year

In the month of November we celebrate thanksgiving

At thanksgiving time people sometimes talk about the things they are thankful for. This year I am thankful for a lot of things.

One of the things I am thankful for is the blood of Jesus Christ. The blood of Jesus covers me from Satan's attacks.

Another thing I am thankful for are my friends. My friends make me laugh when they make silly faces. Some of my friends are in my class and they spare with me.

Sometimes my friends come to my house and we play together.

There are many children that are 5 years old who are sick and cannot jump, run, slides, grab, walk or play, but I can do all those things.

Without my health I would not be alive. I remember when I was in the hospital because I swallowed a coin and it was not fun.

That is why this year I am thankful for health. I am also thankful for good education, and for my teacher teaches new things. There are many

children in the world who do not  
get a good education but I  
get to learn about animals,  
plants, food, gardening, sunlight,  
air, oxygen, families  
the Holy Ghost is another  
thing I am thankful for. The Holy  
Ghost protects me from accidents,  
death, harm, and danger. I am also  
thankful for food and family.  
I am thankful for food because  
without it we wouldn't live.  
There are many people who do  
not have enough food to eat,  
but I always have enough food  
to eat. But I share with those  
who do not have enough.  
I am thankful for my family  
because without families  
children would not have anyone  
to take care of them.  
Children would be all alone.  
If there was no one at  
home the children would  
be sad and feel alone  
and no one would feed them  
and put them to bed.  
There are many more things  
that I am thankful for.  
Just a few.

# What I am Thankful for This Year

I remember when I was in the hospital because I swallowed a coin and it was not fun, that is why this year I am thankful for health.

I am also thankful for good education and for my teacher who teaches me new things. There are many children in the world who do not get a good education, but I get to learn about animals, plants, food, adding, subtracting, sunlight, air, oxygen and families.

The Holy Ghost is another thing I am thankful for. The Holy Ghost protects me from accidents, death, harm and danger.

I am also thankful for food and family. I am thankful for food because without it we wouldn't live. There are many people that do not have enough to eat, but I always have enough to eat and sometimes I share with those who do not have enough.

There are many more things that I am thankful for this year, but these are just a few.
