I AM THANKFUL FOR...

I am thankful for my food, my family and friends, an education, and my freedom.

I am thankful for my food because without food I could possibly starve to death. Also some other kids around the world don't have as much food as I do or they don't have any food. So that is why I am thankful for food.

I am thankful for my family and friends because they are always there for me when I really need them. Also whenever I'm sad or upset they will come and make me feel better. That is why I am thankful for my family and friends.

I am thankful for getting an education because a lot of children don't get to learn or go to school. That is why I am thankful for an education.

Last but not least, I am thankful for my freedom I am thankful for my freedom because in like the 1900's people were not allowed to speak up or do what they wanted to do. That is why I am thankful for my freedom.

In all I am thankful for my life. Those are some of the things I am thankful for.
