

What I'm Thankful For.....

By: Kylie Slater

I'm thankful for my family. The reason that I am thankful for my family is that they love me no matter what happens or what I do. Just like when I wanted to get my ears pierced: I begged and begged until they finally let me get them pierced! My earrings were super fun to play with until I found out that my ears were too sensitive to the metals. They also helped me deal with that too!

The second reason I'm thankful for my family is that they would protect me no matter what was in their way! I was playing with a dog but it did not like something that I did and started to attack me! My dad jumped

in the way of the dog so it could not get me. Then I ran inside to treat the cut on my leg. My mom took care of my cut and they took care of me!

And last but not least I'm thankful for my family because they will help with everything! I was doing homework and I was struggling with it so my family came over to help me!

P.S. They're the best thing that could happen to me.
