

# What I Am Thankful For

By Laura Thomason <3

I am thankful that I have someone in my life like my step-mom. If it wasn't for her, I would be living on the street.

One reason that I am thankful for her is because when I was living with my real mom when I was 2, she left me with my gram and went to school and I was found wandering the streets looking for her.

Another reason is that after that happened I lived with my gram and

poppy. When I was 5 my gram died and when I was 7 my Poppy died.

Thankfully my step-mom was there for me.

Those are the reasons that I am thankful for my step-mom. I love you Mom! Love, Laura <3
