I Am Thankful For...

One thing I'm thankful for is my family. I'm thankful for my family because if I didn't have them i wouldn't have food, water and shelter.

Another thing I'm thankful for my community. I have so many things I'm thankful for that is in my community. One thing I'm thankful for that's in my community is my friends. My friends are the best, there always there for me. Another thing I'm thankful for that's in my community is my home. I'm thankful for my home because I have a bed to sleep on.

That's what I'm thankful for. What are you thankful for?
