

# What I Am Thankful For

## By Ryan Mowery

The one thing that I am thankful for is my family. The reason why is if you did not have a family you would always be sad and not happy. I feel really bad for the people that do not have families.

Another reason why is having a family is amazing. It makes you feel really good inside. Having a family is really cool. You can have parties and family reunions and go out places with them.

One more reason is you can have movie night and watch movies. You can have sleep overs at your grandmas house. Those are all the reasons why I am thankful for my family.
