These past years I'm thankful for alot. One of the things that I am thankful for is the community. For example, the community doesn't litter, they care for each other, they respect each other and lots more. Another thing that I'm thankful for is my family. A reason why is they take care of me,

I am Thankful

for

they cook for me, help me with my homework and takes me to school. Last thing that I'm thankful for is the army. Last example is that the army fight for us. They know its dangerous but they still do it to protect us. These are a few things that I am thankful for.
