

## THANKFUL

I am thankful for a lot of things. Some of them are not very important. Some of them are very important. Let me tell you about the ones that are not very important first. These are things that I think are fun.

One thing is that in a game called Clash Royal I get Legendary Cards. Legendary Cards are the best things in the game. Another one is that three days before I wrote this assignment I got an emoji pillow. There are lots of other things that are fun like ice skating, soccer, piano and jiu jitsu that I'm thankful for.

The more important ones are these. I have a family such as my mom and dad. I'm also thankful that I have good friends. Another thing I'm thankful for is going to school because some kids don't get to. Another thing is that I have food and water and a home to live in. These are the things that are most important to me.
