Q) What are you thankful for?

A) I'm thankful for my good health because even if my health isn't that great it could be worse. Also, I'm thankful for my parents because they gave me birth to be successful in the world. If we never made mistakes, we wouldn't learn much so it is one of those things I'm thankful for. The opportunity to attend school is something many people don't have. Having a home is something I am thankful for because a place to call home is a magical feeling. Being able to step outside to breathe in fresh air is a good reminder how many little things we should be thankful for. You should always be thankful not only this holiday season.
