Extra Credit

I have so much to be thankful for this year. First I have to give thanks for staying alive, being healthy and blessed with an amazing family. I also gotta be thankful for making it to the 8th grade. Having teachers that always saw the best in me and continue to push me and won't allow me to give up. I'm thankful for my friends because we support and encourage each other. Lastly, I'm thankful for myself for always trying my best and never setting for less.
