

You gave me a shoulder

All of the time

And that life isn't bad

The sun will shine

You showed me that tomorrow

You held me close

You held my hand

when I needed you most

You came along

To firmly lean on

when I felt all alone

And less than strong

You helped me to see

The light at the end

And I'm never on my own

Because I have a friend

And each night I find

The brightest star

And thank God for you

And your generous heart
