

What am I thankful for...

Thankful for the gift of Life, that God blessed me just right

Thankful for the gift of Health, that for me it is more than wealth

Thankful for the gift of Family, to whom I can turn to when I'm sad and weary

Thankful for the gift of Wisdom, to reach my dreams and ambitions in the years to come

Thankful for the Food I eat, for the nutrients and illnesses to beat

Thankful for the Air I breathe, for it ceases me to go underneath

Thankful for the Water I drink, for it helps me think

Thankful for all my Teachers, for instilling me knowledge more deeper

Thankful for my Friends, who are Godsend

Thankful for the big man up above, for he showers me everything 'cause of his love

Thankful for good things to come, 'cause for that I will welcome

For the best is yet to come
