Thankful Essay

Thanksgiving is a time of glee and appreciation for what we have. There are many things I am thankful for. I have a wonderful family, my giant dogs and my neighbors.

Without my family I would be lost . They help me in so many ways, I can't even name them. My family members are superheroes. One of them I call superhero is my Mom. My Mom is so great, I don't even know how she does it. Work, Me, the house, the dogs. She does it all . Even today my alarm did not go off so my superhero mom had to wake up and drive me to school and she is not a morning person. My superhero Dad does a lot of work. He works in Manhattan for a Company called Hunter Roberts. After dealing with everyone at work he still comes home and makes dinner for me and helps me with my homework. I love everyone in my family especially my little nephew Cameron who brings joy to my face everyday when I see him.

I am very thankful for my dogs being in my life. Seeing them come and go has inspired me to want to be a veterinarian . My dog Bentley is a Saint Bernard. Saint Bernards are naturally very protective dogs ,especially if you have a baby in the family they sense that you're young. Every night when I go to bed Bentley sleeps by my door to protect me at night. My other dog Alaska is just a big cuddle bug. I had other dogs but they passed on. Their names were Cinnamon, Spice, Connor, George and Madison. They were great but their deaths inspired me to want to be a veterinarian.

My neighbor's do a lot for me and my family. They babysit me when my babysitter Mia can't or my Mom and Dad are on a date night. Every time I go over to my neighbor's house I have fun with her son Xavier and then she braids my hair. I'm very thankful for everything I have. My neighbor's Denise and her husband are cops. Everyone sticks up for everyone on this bloc ,I'm thankful for a everyone on the block. Denise, Hoz ,Julian , Omar and Xavier,Teya and Annette.

These are all the things I'm thankful for and many more. My family ,friends, neighbors and dogs mean a lot to me. They inspire me.Thanksgiving is a time of a glee and appreciate what we have because some people don't have it. The time to say I love you to your family and sit around the turkey and have a feast. Hope you all have a happy Thanksgiving.
