

Thanksgiving

What are some things you are thankful for on this very fun time of the year which is thanksgiving ? I am thankful for many things. Some things I am thankful for are my family, my health, technology and electricity.

I am thankful for my family because they are loving and caring. I have two brothers, Glen and Tim. I also have a dog named Tucker. I like my brother Tim because he helps me when I can't reach something because he is 6 feet tall , and he helps me when I need help on anything else. My brother Glen helps me when I need it. For example, when I broke my foot he brought me things from far away or up stairs. This is why I am thankful for my loving family.

I am also thankful for my health. I am thankful for my health because if I didn't have good health I wouldn't be able to play sports . If I was sick, I wouldn't be able to see my friends. I would not be able to go to school and get a good education. This is why I am thankful for my health.

Another thing that I am thankful for is technology and electricity. I am thankful for these things because if we didn't have them then it would be very hard to survive. Other countries can't afford technology or electricity and it is harder for them to operate without certain things. It would be difficult to tell time and see when it's dark. It wouldn't be as easy to make,warm meals,and have warm housing.

These are some reasons I am thankful for my family , my health , technology and electricity. These are only three things I am thankful for, there is plenty more things I am also thankful for. Now think about some things you are thankful for.
