

## *What am i thankful for this year by : Naomi Noisin*

*I am thankful for my mom and dad to try to give me the things that my three sisters and i need . I am thankful for my my mom mostly because sometimes we don't have a lot of money so she takes other peoples shift and tries to get money so she can buy food , clothes ,water . also my dad because there was one time when my dad just came back from work and like two minutes after they had to call him to come back to work so he was technically on call . Some people think that my family is rich but their not my mom and dad wake up early in the morning to just go to work and they came back at 4:00 or 9:00 if they have a shift so i'm thankful for my family .*

*Im also thankful for my three sisters christelle , carley , and gabriella . They've been with me my whole entire life sometimes they drop me to school and sometimes they drop me to a friends house or something like that . Even though they are really annoying there family and my sisters . we fight we don't talk like maybe for month or so but we find a way to talk to each other again .*

*Im also thankful for my annoying cousins justin and marvens even though i really have nothing to say but it's really hard for them for having their mother wanting the and gave them away that's another reason why it's*

*hard for my mom is because she does have any insurance for marvens she also has to work more shifts like leaves at 6:00 and comes back at 12:00 at night sometimes i don't even get to see her i only get to see her on sundays the rest of the days she's always busy working and trying to get money to buy more things in the house .*

*Im thankful for my dad again because he's always having trouble paying for the electrical bill oil bill and insurance bill to he's always wasting his money for the bills that we have to pay and i really feel bad for him because he works so hard but they barely give him money so i'm thankful for him .*

*Im thankful for both of my parents because my older sister is in college and every month they have to pay for her college because she didn't even get a scholarship so they have to pay for her me and my other two sisters and my two cousins that is a lot of money .*

*I am thankful for my family because they give me everything that i want thats what im thankful for .*
