

Wen Xuan Wang

On this Thanksgiving I will write three things that I am thankful for. The first thing that I am thankful for is to have food and water. The second thing that I am thankful for is that I have a house. The third thing that I am thankful for is to be able to go to school.

For this thanksgiving I am thankful to have food and water. I am thankful to have food because the food keeps me full. I am thankful to have water because it keeps me hydrated. I am thankful to have water because with water I can stay clean. That is why I am thankful to have food and water.

Another thing that I am thankful for is having a house. One reason I am thankful to have a house is because when it is winter the house can block the wind. Another reason that I am thankful to have a house is that when I am in my house it can block the sunlight. The last reason that I am thankful to have is so I can sleep in my house. That is why I am thankful to have a house.

The third thing that I am thankful for is being able to go to a school. One reason that I am thankful to have a school is because I can learn a lot of different things. The second thing that I am thankful to have a school is because I can meet a lot of new people. The third reason that I am thankful to have a school is because I am able to play different games with my friends. That is why I am thankful to have a school.

This is why I am thankful to have food and water, a house and a school.
